Viking Mask at The Mystic Seaport Museum

Viking artifacts from the Uppsala University Museum in Sweden are part of an international exhibit now on display at Mystic Seaport along with the Vinland Map, which is on public view for the first time in the US outside of New Haven in more than 50 years. It brings to life the journey of the map from its initial discovery in 1957 to its acquisition by Yale in 1965; the research conducted by a team of hand-picked specialists to authenticate the map; and the events surrounding the unveiling on October 11, 1965 (the day between Leif Ericson Day and Columbus Day).
